

We don't want your money...

We just want to provide you with...

Quality local suppliers and supply chains

You are already doing a lot for local SMEs but through Ministry for Growth you can...

- Get more excellent local companies to supply to you
- Achieve Better Value – outcomes and profitability
- Increase local employment and apprenticeships
- Achieve CSR targets and other local economy benefits

***We help SMEs become better businesses...
and better suppliers and business partners for you***

Contact The Ministry *for* Growth to discuss how to get access to pre-qualified SMEs providing excellent products and services....

T: 03 333 217 888 | E: info@MinistryForGrowth.co.uk | www.MinistryForGrowth.co.uk

Key benefits for you...

- **Pre-qualified suppliers** PAS 91, Constructionline, etc.
- **High quality PQQs/bids** save you time evaluating them
- **Strong supply chains** including effective SME consortia and JVs
- **Local economy benefits** meeting your clients' tender criteria
- **Risk mitigated** Ensuring suppliers meet your specific requirements
- **Guaranteed supply** We help SMEs to improve their project management and account management

"I thought the Masterclass was excellent today.

Gave me some ideas about how I can use collaboration to help my business and other complementary local businesses."

Breathe Insurance

How does it all fit together...

The Supply Chain UPSKILL Programme provides

Pre-qualified SMEs

On joining the Club, SMEs are guided through our pre-qualification process. Our focus areas are:

- Construction
- Built environment
- Facilities Management
- Energy efficiency products
- Maintenance
- Highways
- Consulting
- Trades

- The team at Ministry for Growth has won more than £7.0 million of new business for clients

- Over 2,500 delegates have attended our practical, hands-on workshops.

- Extensive SME and LPO contacts

- Spokesperson on Procurement for the FSB

Best Value

Our SMEs can provide this in a number of ways:

- Collaborative solutions
- Sustainable supply chains
- Latest technology eg. BIM
- New products
- New processes
- Specialist skills

"Deb delivered his Collaboration and Joint Bidding workshop at a recent industry forum which I found to be interesting and insightful and he engages his audience with ease."

Ellie, ISG
